DOLLARS AND CENTS OF OFF-PRICE SHOPPING CENTERS: A SPECIAL REPORT

This first study of income and operating expenses of off-price shopping centers includes:

- An overview of off-price centers and their unique characteristics.
- Aggregate data on 17 centers.
- Comparison of these data with the data on community shopping centers from *Dollars & Cents of Shopping Centers: 1984.*
- Three case studies of the design, planning, and development of off-price centers.

Order your copy today by calling ULI Publications Orders at (202) 289-3381.
